

Welcome to Sea Level Diving's Advanced Adventurer certification course. Let's create your account at SSI so you have access to the training materials.

- Go to <https://my.divessi.com/register/ref/809878>. OR scan the QR code with your phone or tablet. Follow the onscreen instructions to create your account.
- Login to your account and complete your profile. Add address, phone and a picture (head shoulders, no hats or dark glasses).

Documents needed before your class

After you create an account, you will receive an email from Sea Level Diving with several documents to complete. Included will be:

- Diver Medical Questionnaire. Answer the medical questions by spelling out YES or NO on the line by each question. Do not answer one question then draw a line down the others. Add your emergency contact information and sign.
- Physician's Approval to Dive. This is most important! If you answer YES to any of the medical questions you must have a physician approve and sign this form. If you have a YES on your medical and don't have the physicians approval on the 1st day of class you cannot attend the class! If all your answers are NO you can disregard the Physician's Approval to Dive form.
- SSI Responsible Diver Code, Read and sign.
- Privacy Policy. Read, fill in training facility information (at bottom of page) and sign.
- SSI Recreational Scuba Training Assumption of Risk, Liability Release & Hold Harmless Agreement. Read and sign.
- Course Completion Record. If you are under the age of 18, a parent or guardian must sign this before class. We'll complete this in class.
- Email these documents back to Sea Level Diving (preferred) or bring them to your class.

Home Study Requirements

Have this done before your scheduled class/pool training.

- Log into your account via PC web browser, tablet or phone*.
- Under the tab "Programs & Cards" select "Programs" scroll down to "Advanced Adventurer" click the green bar "view first page" to get started on your home study. You only need to read the chapters pertaining to the dive you picked.

*About the digital training materials.

Using a web browser is live online and need an internet connection. The MYSSI app can download the materials to the tablet or phone. This allows you to study off line (no internet connection) however when your device is connected to the internet it will sync your progress. This allows you to switch back and forth on devices seamlessly. If you experience trouble with syncing. While connected to the internet, in the app go to settings tab, under synchronizing click on synchronize all. That should sync everything.
